AUTUMN PLANTING
AUTUMN 1937, CATALOG No. 121

A SELECTION OF THE VERY CHOICEST TREES, SHRUBS, EVERGREENS, ETC., FROM OUR COMPLETE LISTS

WHOLESALE QUANTITY PRICES
— will be found for large and small sizes in the 8-page green insert in the center of the book. Terms and conditions of sale, also. Special quantities or rare varieties not listed gladly quoted on request.

DESCRIPTIVE CATALOG?
We have a supply of our Spring 1937 Short Guide. This book is one of the most complete published in the country and worth owning. If you do not have a copy write for one. Prices are, however, superseded by this Autumn catalog.

Also

SPRING BULBS
For Fall Planting

IRIS, PEONIES, TULIPS, NARCISSUS, HYACINTHS, LILIES, ETC. WITH SPECIAL QUANTITY PRICES.

The quality is of the very highest. One of the largest bulb growers in Holland furnishes us the bulbs (f.o.b. New York) all top-size healthy, guaranteed true. Our prices are lower on this grade than most other reliable bulb houses.

The Peonies and Iris are grown by one of the country’s greatest experts—they are large and clean—exceptionally good. Prices as low as such quality permits.

Established in 1878

Kelsey Nursery Service
50 CHURCH STREET • NEW YORK CITY
This Autumn Catalog
contains only a small part of the material we are prepared to quote and furnish. Anything you do not find listed, just ask for. We have tried to list only the kinds most satisfactory for fall planting.

NEW “REPEATING” IRIS

A few older kinds had this characteristic, now breeders have produced many fine colors and forms. So sensational are the possibilities that we prophecy a commanding future for this race. As yet there are still in the older spring-flowering types colors and forms too beautiful to be discarded. We will quote the better sorts on request. Here we offer a list of “Repeaters”—heralds of summer that usher her in and out again! Just as easy of culture as the old, too! Plant in Early Fall.

Autumn Frost. Exquisite frosty white $20.00
Autumn King. Typical lavender-blue bicolor of good form. $6.00
Autumn Queen. Best white dwarf rebloomer for form and purity of color. 18 in. $3.50
Autumn Surprise. All blue $5.00
Dorcas Hutchinson. Early and consistent rebloomer. Pansyclad. $1.75
Eleanor Roosevelt. Florite purple self with rich falls. Beautiful $1.50
Equinox. Red and purple. 26 in. $0.75
Golden Harvest. First yellow fall bloomer. Large; good form. 20 in. $1.00
Laura Hutchinson. Red pink cast. $1.50
October Opera. Rich violet. 24 in. $3.00
Olive White. Deep cream. $0.50
September Skies. Deep red-purple self. Blooms freely in spring. 16 in. $0.50
Souv. de Chavagnac. Fragrant; violet. Often blooms in summer as well as spring and fall! $0.60
Ultra. Fine blue and ultramarine. $0.25

“GIVE-AWAY” BARGAINS IN OLD IRIS VARIETIES

The “Germans” are most popular of all Iris. By mass production we can make extraordinary prices. All are good varieties. Others quoted on request.

Many sold for $5.00 to $25.00 when first introduced. Our offer: 2 of one kind for 25 cts.; 10 of one kind, 75 cts.; 50 or more of one kind at 5 cts. each. 35 cts. each: 10 of one kind, $2.50

Astarte. Double; beautiful dark violet. $0.50
Eumee. Single dark violet. $0.50
Gekka-no-nami. Earliest to bloom and the choicest of white. Very free. Glistening white with creamy white stigmas. $0.25
Gold Bound. A fine, double, pure white, enriched by a creamy glow from the gold-banded center. $0.25
Kokcho-no-iro (Purple and Gold). Enormous, double flowers of rich violet-purple, with white petaloids tipped violet. $0.50
Patrocle. Single; superb dark violet.
Prosperine. Single; bright, rich blue, produced by shading of velvety blue and white.
Ski-no-ryo. Double; blue and white.

Mixed. $2.25 for 26; $10.00 per 100.

Beardless Iris (Species)

Rare and unusual types. Add novelty to your Iris border.

Hexagona, Dorothea K. Williamson. Large, velvety flowers of most vivid purple $0.25
Ochroleuca. Tall. Late. White, with yellow blotch. Very attractive. $0.50
Orientalis. Blue King. Brilliant blue. Beautiful $0.50
Sibirica, Snow Queen. Beautiful, large, ivory-white flower. $0.35
Sibirica, Distinction. Clear blue with interesting markings. Very good. $0.25
Sibirica, Emperor. A beautiful Iris with deep violet-blue flowers. $0.25
Sibirica Grandis. Rich violet standards; falls white and bronze. $0.25
Sibirica Lactea. Small white flower. Fine foliage. Tall. $0.35
Sibirica, Perry’s Blue. A beautiful shade of sky-blue. $0.35
Sibirica, Sunnybrook. Exquisite shade of soft Alice-blue. 3 ft. $0.35
Sibirica, True Blue. Clear blue. Low grower. $0.35
Pseudacorus. A beautiful bright yellow; tall and late. 40 in. $0.25

Dwarf Iris

The earliest hybrids to bloom. Miniatures of the later “Germans.” Two of one kind for 25 cts.; 10 of one kind $2.50

Bridesmaid. White marked, blue and yellow.

Citea. Lemon yellow.
Cyanea. Red purple, fragrant.
Dixmude. 6 in. Two shades of blue; S blue; F. red violet.
Eumee. Single; beautiful with purple markings.
Ladie Boy. Velvety deep blue with three flowers to the stem.

Lurida. Beautiful tawny red bronze, tall narrow form. $0.25
Marsonia. Light violet; F. violet purple.
Orange Queen. Beautiful yellow; fragrant.
Prairie Gem. A beautiful yellow; early. $0.25
Royal S. rich blue; F. reddish purple.
The Bride. White, free flowering, beautiful. $0.25
A PAGE OF ROSES

We offer a strong list of Own-Root Roses. For such varieties as we list, rooted cuttings make as good plants, on the whole, as grafting. They are heavily rooted and established in 4-inch pots. All will bloom next summer if properly planted now. It is an opportunity to buy Roses at low prices. Budded prices at bottom of page.

Patented Roses
(Field-grown, budded. 2-year No. 1)

Amelia Earhart—HT. Plant Patent No. 63. Large, cream bud, with blushes; flowers graduating from a deep yellow center to an outer collarate of large cream petals with a blush overtone; extremely fragrant. Strong grower; free bloomer. $1.50 each; $15.00 per doz.

Better Times—HT. Plant Patent No. 23. The brilliant cerise flowers are large, double, and delicately fragrant. Being produced on long strong stems, they are excellent for cutting. A very free bloomer. $1.50 each; $15.00 per doz.

Blaze (Paul's Everblooming Scarlet Climber)—Plant Patent No. 10. Seedling of Paul's Scarlet Climber and Gruss an Teplitz. A marvelous, hardy, everblooming scarlet-red Rose. $1.50 each. $12.00 per doz.

New Dawn (Everblooming Dr. W. Van Fleet)—Plant Patent No. 1. The first really worthwhile everblooming hardy climber. The shell-pink flowers are of good size and exquisite form, with a rich fragrance. Produced on long stems and almost constantly in flower from June until frost. $1.50 each. $15.00 per doz.

Rose Species
(Wild Roses)

Each 10 100

Hugonis—Zone V. Yellow in May.
*12 inches ......... $0.75 $5.00 $60.00
Hulmis—Zone LV. Pink, summer.
*2 to 3 feet.$0.75 $6.50 $60.00
Humilis—Zone IV. Bright pink.
*12 to 18 inches... $0.70 $6.00 50.00
Lucida (Virginia Rose)—Zone II. Bright pink. June-July.
*2 to 3 feet.... $0.70 $6.00 50.00
*12 to 18 inches... $0.70 $6.00 $50.00
Nitida—Zone IV. Pink in spring.
*12 to 18 inches... $0.70 $6.00 $50.00
Palustris (Swamp Rose)—Zone IV. Pink. July-August.
*6 to 12 inches... $0.70 $6.00 $50.00
Rubiginosa (Sweetbriar)—Zone IV. Aromatic leaves.
*12 to 18 inches... $0.70 $6.00 $50.00
Rugosa (Japan Rose)—Zone IV. White or red, good near seashore.
*12 to 18 inches... $0.70 $6.00 $50.00
Setigira (Prairie Rose)—Zone V. Pink, summer.
*6 to 12 inches... $0.70 $6.00 $50.00
Wichuriana (Memorial Rose)—Evergreen trailer. White blooms from July to September.
*12 to 15 inches... $11.00 $50.00

Summer Varieties

Early Harvest. Yellow; medium size. August.

Autumn Varieties

Fall Pippin. Greenish yellow; large. November.

Fameuse or Snow. Crimson. November to January.

Gravenstein. Red-stripped; large. October.

Cortlandt. A beautiful red Apple; larger. King of Tompkins County. Crimson; Wealthy. Deep red; white flesh.

Porter. Yellow.

Hubbardston Nonsuch. Yellow and red;

Baldwin. Red; large.

Fameuse or Snow. Crimson. November to January.

Fall Pippin. Greenish yellow; large. November.

Fameuse or Snow. Crimson. November to January.

Gravenstein. Red-stripped; large. October.

Porter. Yellow.

Wealthy. Deep red; white flesh.

Winter Varieties

Baldwin. Red; large.

Cortlandt. A beautiful red Apple; larger than McIntosh and ripening a month later.

Delicious. Large; red.

Hubbardston Nonsuch. Yellow and red; large.

King of Tompkins County. Crimson; large.

McIntosh Red. One of the best. Red November, February.

Northern Spy. Yellow and red; large.

Rhode Island Greening. Greenish yellow; large.

Roxbury Russet. Medium to large. December to June.

Talman Sweet. Yellow; medium size. November to April.

Plums

No. 1 Grade. 1.40 each; $12.50 for 10
The Plum tree will grow anywhere there is good soil.

Japanese Plums

Abundance. One of the best Japanese Plums. Medium size; rich, bright cherry-red, with distinct bloom; highly perfumed. Flesh yellow, juicy, tender and excellent quality.

Burbank. Large; nearly globular; clear cherry-red with a thin lilac bloom. Flesh deep yellow, sweet, meaty, and quite firm. Tree vigorous.

European Plums

Bradshaw. Very large; dark violet-red. Flesh yellowsish green, juicy and pleasant.

German Prune. Medium, oval purplish blue. Flesh rich, juicy, and of high flavor.

Lombard. Medium, roundish-oval; violet-red. Flesh juicy and pleasant, adhering to the stone.

Cherries

5 to 6 feet. $1.30 each; $12.00 for 10
SWEET: Bigarreau, Black; Black Tartarian, Black; Gov. Wood, Red on White; Windsor, Dark; Yellowish Spanish, White.

SOUR: Early Richmond, Red; Montmorency, Red.

Dwarf Espalier Fruits

Go to your fancy grocer and ask for the most perfect fruit he carries—it will be about one-half the size of a properly grown Espalier Fruit! It will not be as juicy and full of flavor! These facts are instantly proved to you when you see your first ripe fruit on an Espalier Dwarf Fruit Tree. For centuries they have been well known in Europe. In full sunlight, each individual fruit gets its share. Even if such trees were not ornamental, they would be noteworthy for fruit alone. But they are beautiful—clean-cut form and healthy young side growth—something new and different. Use them instead of vines against the house: train them along wire fences to add beauty and interest. Healthy young side growth—something new and different. Tree vigorous.

Early Harvest. Yellow; medium size.

Roxbury Russet. Medium to large. December to June.

Talman Sweet. Yellow; medium size. November to April.

Bearing-size Dwarf Apples!

We have a few trees to offer: specimens 6 feet broad and high, low branched and bushy. Splendid! Now setting fruit and should bear next year. Seven years old. Four kinds only.

TERMS AS PER BACK OF THIS SHEET  

Page 9
TERMS AND CONDITIONS OF SALE

PRICES—Net at the nursery. Packing and transportation to be added at actual cost. Usually 5 sold at rate per 10, 25 at 100 rate.

CLAIMS—for errors, shortages, or other causes must be made within 10 days.

PARCEL POST—Must be prepaid. We prefer express but will send by post if instructed and charge you at cost.

FREIGHT AND EXPRESS—Charges are extra (except in a few prepaid Special Offers). They are paid by you to the Railroad or Express man. We will estimate these costs in advance if you wish.

PACKING COSTS—Free if cash accompanies order, except stock dug with a ball of earth, where packing is charged at cost (usually 10% of cost of stock). Balled, heavy evergreens: we will estimate costs in advance if you wish.

GUARANTEE—We replace at half original paid price any plant that dies.

LIMITED RESPONSIBILITY—We disclaim responsibility for any reason in amounts greater than invoiced.

WE RECOMMEND

Express on any tree or shrub without a ball of earth (B. & B.). Seedlings, Transplants and Young Aristocrats must go by express or Parcel Post.

Kelsey Nursery Service

1. We furnish high quality stock. Kelsey Nursery stock is grown where it grows best; always with regard to shipping convenience. Of over twenty thousand acres of stock we select the nearest nursery growing the material of the quality and grade you want.

2. We furnish our stock at the lowest prices made possible by mass production. Prices of nursery stock vary greatly. One nursery grows stock on land worth, say, $4,000 per acre. The stock is no better than at a nearby nursery where land is worth $400.00 per acre. We are, therefore, enabled to sell excellent stock at very low prices.

3. We are an entirely responsible source of supply. Established Sixty Years ago, in 1878, we still have among our customers many who have been patrons for forty years or more. In all our dealings we are always willing to make things right on any errors or just causes for complaint.

4. Our Guarantee—Stock to be in good condition when furnished. We will, however, replace any and all losses at half price.

5. Scarce and rare varieties: Why look through a dozen nursery catalogs for them? Send us your list and we will quote promptly. This Short Guide is necessarily confined to standard varieties, but with our facilities we can furnish almost any variety or size grown in the United States.

6. The policy of this Company is to make and keep goodwill by careful and prompt service.

F. W. KELSEY NURSERY COMPANY
ESTABLISHED 1878

50 CHURCH ST., NEW YORK, N. Y.
**SEEDLINGS ("S")**
Many varieties are raised from seed. These very small plants must be handled with extra care. They should be planted about four inches apart in beds. Here they are left two years and for the first year, during the heat of the first Summer, they should be shaded by a lath screen. In the Autumn, mulch to prevent frost-heaving. At the end of two years, they should be taken from the beds and treated as transplants.

**GRAFTS**
Some trees which do not come true from seed will not even take root readily. These varieties are grafted on established roots of related species and when the graft is healed are perfectly hardy and can be treated as transplants. For this reason it is best to buy grafted varieties one year old. See "Young Aristocrats."

**ROOTED CUTTINGS ("R.C.")**
Many varieties do not come true to type from seed. These are propagated by cuttings of branches rooted in sand. For this reason, cuttings are much more expensive than seedlings. They require the same care (for the first year) as seedlings, but once they have passed a Winter in the beds they can be treated as transplants.

**TRANSPLANTS ("X")**
Evergreens that have been moved, or had their roots pruned, tend to throw out extra roots near the stem, forming a close compact ball of fibrous roots that can be easily dug up. The transplant is sufficiently sturdy to be planted out in the open field in rows. Here the roots have room to grow, and the tops have room for shapely development.

---
During the depression many growers could not keep up their propagating. It takes two to six years to make young evergreen seedlings and transplants. Right now they are scarce and prices advanced. Next year they will be still scarcer. We strongly recommend placing orders at once. If you do not wish to plant until next spring we will reserve for them upon payment of 20% of these prices.
The Douglas Fir
Pseudotsuga taxifolia
One of the most beautiful conifers, yet easy to grow and valuable also for timber and as a Christmas tree.

Rows 3 ft. apart, trees 2 ft. apart...7,260
Rows 4 ft. apart, trees 2 ft. apart...5,450
Rows 5 ft. apart each way........1,745
Rows 6 ft. apart each way........1,210

SUCCESSFUL PLANTING
There should not be more than a 10% loss in normal conditions.

HOW MANY TREES IN A BED?
Distance Number
4 x 4 inches...............300 trees per bed
6 x 6 inches...............160 trees per bed
8 x 8 inches...............100 trees per bed

SMALL DECIDUOUS TREES
The important difference between handling small evergreens and small deciduous trees and shrubs is in the matter of pruning back upon planting. Generally speaking, this is not done with evergreens. With deciduous shrubs cut to the ground upon setting them out. Trees with a single stem: prune back within a few inches of the ground and then a month later go over the planting again and cut away all but one single stem.

WATERING
Note well: a tree dies if its roots dry out. Whenever a shipment is received, the roots should be examined and immediately soaked if they prove at all dry. They should then be planted at once and well watered after planting and still once or twice or three days later.

HEELING IN
If it is impossible to plant immediately, dig a trench in a shady spot deep enough to hold the roots and open all bundles and spread the roots naturally in the trench. The earth is carefully thrown in over the roots and tramped down, water heavily. Plants may safely remain here two or three weeks until it is convenient to plant out.

DECIDUOUS TREES

A few years of intelligent care will turn small seedlings into specimens, but nothing can change the nature of the trees you choose. Pick carefully! Elm, Beech and Maples rob the soil—fine in forests but fatal in gardens. Many other rare sorts available on request. See also pages 14, 18 and 19.

YOUNG ARISTOCRATS—

Unusual and rare varieties... true to name because they are grafted... easy to grow because they have already passed a season out-of-doors. Some Winter protection is desirable, but no other special treatment. Balled and Burlapped for still easier handling.

(C)edrus (True Cedar)

atlantica glauca (Blue Atlas Cedar). Each 12 to 15 inch, 2 year grafts $1.25
atlantica fastigiata (Sentinel Cedar). 12 to 15 inch, 2 year grafts 1.25

Cryptomeria

lobbi. Hardy variety. 15 to 18 inches, 2-year grafts 1.25
24 to 30 inches, 4-year grafts 2.25

Juniperus (Juniper)

chinensis Sargent. 12 to 15 inches 1.25
chinensis Pfitzeriana (Silver Fountain). 15 to 18 inches 1.00
communis depressa plumosa (Andorra). 15 to 18 inches 1.10
virginiana Kosteri (Silver Dwarf). 18 to 24 inches 1.50
squarata Parsoni (Dwarf for rock-gardens). 15 to 18 inches 1.25

Picea (Spruce)

pungens Kosteri (Koster's Blue Spruce). Well-known, steel-blue, stiff, pyramidal tree. 15 to 18 inches 1.90
18 to 24 inches 2.50

Pinus (Pines)

*Cembra (Dwarf Swiss Stone). New York and New England only. 6 to 8 inches, 1-year grafts 1.90
8 to 10 inches, 2-year grafts 1.25

*Stribus nana (Dwarf White Pine). Interesting very small dwarf. Rare. 6 to 8 inches, 2-year grafts 1.25
8 to 10 inches, 3-year grafts 1.75
12 to 15 inches, 4-year grafts 3.25

Tanyosho (Japanese Table Pine). 10 to 15 inches 1.00
15 to 21 inches 1.75

*parviflora glauca (Japanese Silver Pine). Pale blue-green needles. Low, wide-spreading, picturesque. 1½ to 2 feet 2.90
2 to 2½ feet 2.50
sylvestris Watereri (Blue Dwarf Pine). Very rare and choice. 4 to 6 inches, 1-year grafts .75
6 to 10 inches, 2-year grafts 1.25

*Stribus pyramidalis. Rare dwarf, upright form. 12 to 18 inches, 2-year grafts 1.50

*Ayacucho (Mexican White Pine). 18 to 12 inches, 2-year grafts 1.30

*Pine varieties marked with asterisk for New York and New England only.

Taxus (Yew)

Kelsey Berry-bush Yew. 1 year cuttings $10.00 for 10
2 year cuttings $5.00 for 10
Vermeulen's Yew. (Upright brevifolia). 8 to 10 inch X $30.00 for 10
10 to 15 inch XX $4.25 for 10

Tsuga (Hemlock)

canadensis Sargent (Sargent's Weeping Hemlock). A beautiful spreading green mound. 12 to 15 inches, 1-year grafts 1.00
15 to 18 inches, 2-year grafts 1.60
18 to 24 inches, 3-year grafts 2.25
24 to 30 inches 2.75
canadensis compacta (Dwarf Hemlock). 10 to 15 inches, 2-year grafts 1.25
15 to 18 inches, 3-year grafts 1.75

Acer (Japanese Maples)

palmatum atropurpureum (Red-leaved Japanese Maple). 8 to 12 inches, 1-year grafts .75
12 to 15 inches, 2-year grafts 1.10
15 to 21 inches 1.70
21 to 24 inches 2.50
purpureum dissectum (Cut-leaved Red Japanese Maple). 8 to 12 inches, 1-year grafts .85
12 to 15 inches, 2-year grafts 1.25

Aesculus

Red-flowering Horse-chestnut. 8 to 12 inches .90
12 to 18 inches 1.30

Cornus (Dogwood)

florida rubra (Red-flowering Dogwood). 12 to 18 inches, 2-year grafts .90
15 to 24 inches, 3-year grafts 1.25
defida pendula (Weeping Dogwood). 10 to 12 inches, 2-year grafts .90
12 to 18 inches, 2-year grafts 1.25

Witch Hazel (Hamamelis)

vernalis. Red or yellow flowers in early spring before the leaves appear. Order by color. 15 to 18 inches 1.00
18 to 24 inches 1.50

Fagus (Beech)

sylvatica purpurea (Purple Beech). 12 to 18 inches, 2-year grafts 1.25
sylvatica pendula (Weeping Beech). 12 to 18 inches, 2-year grafts 1.25
18 to 24 inches, 3-year grafts... 1.50
30 to 36 inches, 4-year grafts 3.00

Gordonia (Franklinia)

alatamaha. Rare native. 10 to 15 inches 1.00
15 to 18 inches 1.25

Magnolia

From early April to late May a sequence of flowers can be arranged as noted below. Hardy. Soulangeana, April 20. Pink and white. Each 10 to 12 inches, 1-year grafts $1.00
15 to 21 inches, 2-year grafts 1.50
stellata (Halamea). April 10. White. 12 to 15 inches, 2-year grafts 1.50
15 to 21 inches, 3-year grafts 2.25
stellatese. April 10. Rose. Each 12 to 15 inches, 2-year grafts 1.75
15 to 18 inches, 2-year grafts 2.50
18 to 24 inches, 3-year grafts 2.25
conspicua. April 20. White. 10 to 12 inches, 1-year grafts 1.25
12 to 18 inches, 2-year grafts 1.75
Soulangeana Lenni. May 1. Red and white. 10 to 12 inches, 1-year grafts 1.10
12 to 18 inches, 2-year grafts 2.25
Soulangeana nigra. May 15. Purple and white. 15 to 18 inches, 2-year grafts 1.50
21 to 30 inches 2.25
parviflora. June to July. White, fragrant, with crimson filaments. 10 to 12 inches, 1 year cuttings 1.25
12 to 15 inches, 2-year grafts 2.00
alexandrina. 18 to 24 inches 2.25
24 to 30 inches 3.00

Evergreen Shrubs

Barberries

B. Julianana (Wintergreen Barberry) Each 18 to 24 inches .10.25
B. verruculosa (Warty Barberry). 3-inch pots .60

Leucothoe

L. catesbeian (Drooping Leucothoe). 12 to 18 inches .90
18 to 24 inches 1.35

Viburnum

V. rhytidophyllum (Leatherleaf Viburnum) 18 to 24 inches 1.25

Skimmia

S. japonica 10 to 12 inches bushy 1.10
Only a few of the choicest on this page. Some bargain offers on commoner sorts on the green page opposite. See also page 14. Almost any Evergreen will be gladly quoted on request. We have a large assortment available.

**Hemlock**
(Tsuga)

This is a glorious tree. It thrives in a range of soil and will succeed both in sun and shade. Do not, however, plant in windy, exposed situations. The foliage is black-green and form graceful. It is hardly and easily grown. One of the very finest of our native conifers.

**American Hemlock** (Tsuga canadensis)

A superb tree that thrives in shade and with drooping, spreading foliage. Makes a beautiful hedge and can be easily pruned. 60 to 70 feet.

**Kelsey's Berrybush Yew**
(Taxus media Kelseyi)

The first of the new Yews to be propagated from the point of view of its showy red fruit. Named after this company by its originator, John Vermeulen, of Long Island. Fairly slow, dense. Dark green needles of the Brevifolia type. Upright bush. Full of berries even in small sizes.

FLOWERING TREES OF RARE BEAUTY

Japanese Flowering Cherries

These are among the most beautiful introductions to our American gardens. All hardy. Choice and rare.

FUGENZO (James H. Veitch), (Kofugen).
One of the latest to bloom. Unusually large double pink flowers.

KWANZAN.
Large, very double pink flowers, almost red in bud. Well formed; vigorous.

MOUNT FUJI (Shirotae).
Undoubtedly the finest double white.

NADEN (Siebold Cherry).
Pale pink, semi-double blossoms arranged in short-stemmed clusters.

SHIROFUGEN (Double Blush-Pink).
Pink in bud, the very large, double flowers become white, then gradually assume a blush as they mature. Vigorous.

YOSHINO (Yedoensis; Single Blush-Pink).
First to bloom. Single; pink. This is the species famous in Washington, D.C.

Prices on above
5 to 6-foot specimens, $2.75 each; $26.00 for 10
1 to 5-foot trees, $2.25 each; $20.00 for 10

Culture of Cherries
Extremely easy to grow. Any soil fairly well drained. Sun. Slightly acid (suggest planting among rhododendrons). Set out about 20 feet apart and do not prune much.

AMANOGAWA (Upright Cherry).
A distinct form with a Lombardy poplar style of growth. Semi-double pink flowers gracefully hang in dense clusters.
5 to 6 feet $3.50
6 to 8 feet 4.25

Witch-Hazel Flowers

Hamamelis (Witch-hazel).

Japonica (Japanese Witch-hazel).
20 ft. Better than the Japanese—fragrant, more showy, red within. Blooms also in February. Photo above.

Mollis (Chinese Witch-hazel).

Plants from 4 in. pots $1.10
10
$10.00

Vernalis (Spring Witch-hazel).

15 in 18 inches, B&B $1.00
18 to 24 inches, B&B $1.50
20 to 30 inches, B&B $2.50

Vernalis rubra—Blooms red, but not fragrant.—(Same prices as the yellow).

Hardy Hybrid Laburnum

Laburnum Vossi.

Each

3 to 4 feet $3.50
5 to 6 feet 5.00

The Long-Lost Franklinia

The Franklinia (Gordonia alatamaha) is the rarest native American flowering tree. Found by John Bartram in 1790. A small tree to 30 feet with white, showy flowers 3 inches across in August and September. Very fragrant. Hamps humus soil.

18 to 24 in., $2.00 each; $17.50 for 10.
2 to 3 feet, $2.50 each; $20.00 for 10.
3 to 4 feet, $3.00 each.
4 to 5 feet, $4.00 each.

It is not generally realized that the Franklinia bears flowers when very young. An 18 to 24-in. tree should flower next year! Stewartia pentagona of same size, on the contrary, will take 7 or 8 years.
## Ornamental Trees

### Malus (Flowering Crabs)

Bushy trees very easy to grow. All bloom in May. Prices of all varieties:

### Chinese or Siberian Elm

Ulmus pumila

Where screen or shade is wanted in a hurry—and yet permanent screen and pleasing shade—page the new Chinese Elm. Phenomenal tales of its speedy growth and hardiness are told and most of them, strangely enough, seem to be true. It has few troubles. The only one seems to be a distaste for heavy or poorly drained soils. Each tree, upon planting, should be trimmed back. The trees offered below are grown from hardy North China seed.
Hardy Hybrid RHODODENDRONS

PRICES Each
A. 1-year grafts (8 in.) B&B $1.25
B. 2-year grafts (12 in.) B&B 2.00

Native Azaleas

A wonderful opportunity to plant these beautiful shrubs in masses or by the acre. We offer three species. Each plant is 12 to 18 inches high—a light grade with a small ball of earth. Not nursery-grown (though we have these as well), but carefully collected and very satisfactory.

Calendulacea (Flame Azalea). Photo at right. A gorgeous shrub.

Vischaca (Swamp Azalea). Fragrant and white in July.

Aborescens (Tree Azalea). Fragrant; white, in late June.

**Prices:**

- **Any One Kind**
  - 10 for $3.75
  - 25 for $7.25
  - 50 for $11.25

**Express extra at cost**

*This is an extraordinary bargain.*

The prices figured out to 29 and 22½ cts. each!

Torch Azaleas

Azalea Kaempferi. Handsome, tall-growing. Vary from orange-red to salmon-pink. One of the most showy Azaleas. Bloom in May.

- 2-year XX (field) . . . . 9.00 80.00
- 8 to 10 inches, B&B . . . . 10.00 90.00
- 12 to 15 inches, B&B . . . . 15.00 125.00

Arnoldiana Azaleas

Delightful Hardy Hybrids (Kaempferi x Amoena), by the late Mr. Dawson of the Arnold Arboretum. They make large, bushy shrubs, bloom plentifully in full sunlight, are evergreen south of Philadelphia. Altogether a wonderful addition to the race of hardy Azaleas.

Briarcliffe—Deep, rich reddish pink.

Cardinalis—Dark red. New leaves with blooms.

Dexter's Pink—Bright, glistening pink.

Early Dawn—Soft pink, fading silvery.

Mello-Glo—Cerise-pink, suffused golden.

**Prices on any variety:**

- Each 10 100
- 2-year XX (beds) . . . . 8.00 70.00
- 12 to 15 inches, B&B . . . . 12.00 100.00

Azalea mollis

Flowers in shades of red, yellow, and orange are produced in large clusters in May and June. A hardy variety. We offer mixed colors:

- Each 10 100
- 5 to 6 inches . . . . 1.50 12.50
- 10 to 12 inches . . . . 5.00 45.00
- 8 to 10 inch B&B . . . . 1.50 12.50

Page 21
Lily of the Valley Shrubs

Pieris floribunda. Each 10 to 12 inches, B&B $1.25 $8.50
12 to 15 inches, B&B $1.50 12.50
P. japonica (Japanese Andromeda). 12 to 15 inches, B&B $1.50 12.00

Leiophyllum (Sand Myrtle)

Leiophyllum buxifolium (Evergreen). A charming dwarf. Neat and pretty. 9 to 12 inch clumps 3 for $2.10 postpaid.

Dwarf Boxwoods

Buxus sempervirens (Old English). 10 to 12 inches, B&B $1.25 $8.50
12 to 15 inches, B&B $1.50 12.50
B. Koreana (Hardiest dwarf). 3 to 4 inches, B&B $6.50 45.00
6 to 8 inches, B&B $9.00 75.00

Heather (Calluna vulgaris)

Flowers from July to September. Purple, Acid; loose; sun; humus. 10 to 12 inches, B&B $1.25 $8.50
12 to 15 inches, B&B $1.50 12.50

Hardy Heath (Erica)

Spring Heath (Erica carnea). Low evergreen with rosy red flowers from February until May. 1-year plants $3.50 $30.00
2-year clumps, heavy 4.75 40.00
Cornish Heath (E. vagans). Spreading shrub to 1½ feet high. Dense pinkish flowers from July to October. 1-year plants $3.50 $30.00
2-year clumps, heavy 4.75 40.00
Hybrid Heath (E. daniyleynsii). Low evergreen. Blooms with its parent (Carnes) but flowers are deeper rose. 1-year plants $3.50 $30.00
2-year clumps, heavy 4.75 40.00

Daphne Cneorum

A beauty of massed blossoms in May and again in September—delicious fragrance that makes these plants a delight to own. It is thoroughly hardy; entirely evergreen; fragrant; grows to a height of about 12 to 15 inches and spreads to twice that in width; dense-growing and compact; thrives in any good soil, but needs a sunny location.

We offer a special strain that has a few blooms intermittently throughout the summer. Color illustration at left. Each 10 100
6 to 9-in. spread $0.85 $7.50 $60.00
9 to 12-in. spread 1.25 10.00 90.00
12 to 15-in. spread 1.50 12.50 110.00
15 to 18-in. spread 1.75 16.50 150.00

Everblooming Abelia

Abelia grandiflora (Arbutus Bush). White, bell-shaped blooms in profusion—June to September. This is one of our finest flowering shrubs. North of New York this is not entirely evergreen, though hardy.

Strong cut-back 10 100
clumps $1.00 $8.00 70.00
FLOWERING SHRUBS

May-flowering Virbunum
Viburnum Carlesi.
Resembling its namesake, the May-flower, in fragrance and blossom, this shrub is a favorite wherever it is planted. The flowers appear with leaves in early May. It is a rather low-growing shrub, of dwarf habit and is specially desirable in the garden or shrub border. We have this variety in large quantities and offer strong, well-developed plants.

ALL CLEMATIS: $1.15 each, postpaid (2-year field-grown)
Hardy Grafted Nut Trees

Hardy types of both English Walnuts and Pecans are now available for the North. Delicious Black Walnuts with easily opened shells—Hybrid Hickories with haunting flavor previously unknown even to epicures. Most amazing of all, these varieties will bear nuts as early as the third or fourth year. Hardy in New England.

English Walnuts

Wiltz-Mayette. Perhaps the best variety for all purposes. It is a reliable bearer. The English Walnut requires a lime soil. First crop may be expected in three to four years.

Black Walnuts

The new grafted varieties bear their first nuts sometimes in the second year after planting, and commonly in the third to fifth year if the trees are properly fertilized.

Thomas. A really rapid-growing tree, hardy and easy to grow.

The meat is attractive and tasty, but does not crack as easily as the Stabler.

Stabler. The thinnest shell. Meat falls out easily in halves or one piece. Spreading specimen with unusually ornamental form and foliage.

Blight-Resistant Chestnuts

Chinese Chestnut (Castanea mollissima). Larger than the American, of fine flavor, and sweet. It is inured to the Chestnut blight.

All Grafted Trees. Very much better nut-bearing. Bear about as soon as apples. We strongly recommend these.

Care of Nut Trees

Nut trees have large root-systems. They must be pruned off. The tops, pruned to make up for the loss of roots. The first two years mulch well with hay or straw and water if drought comes.

The Huge Hybrid Blueberries

Two decades of hybridizing and testing and now you can grow Blueberries three-quarters of an inch across. Delicious, smooth flavor. An acid soil is needed; mulch as for rhododendrons. The year after planting remove all flower-buds. The third year you may leave the flowers and enjoy the first fruit.

Varieties Available:

Rubel. Vigorous. Large blue berries in July.
Pioneer. Smaller bush; larger berries. A heavy bearer and early.
Rancocas. Slender, upright bush. Berries larger than Rubel, a few days earlier.
Concord. A large bush with huge berries of fine flavor.
Jersey. The largest bush, also the largest berries. Vigorous. Light blue.
